SUMMARY

Detail-oriented front-end developer with 3+ years of experience building responsive, user-friendly websites using React and Vue. Currently expanding my skills with React Native. Passionate about creating high-quality, scalable solutions that optimize user experience. My portfolio showcases a range of projects where I turn client requirements into functional, engaging digital solutions.

SKILLS

Programming Languages:	JavaScript, TypeScript
Frameworks & Libraries:	React, Vue, Next.js, React Native, Redux, React Query
Web Technologies:	HTML5, CSS3
Styling:	Tailwind CSS, Material-UI, Styled Components, Sass
Tools & Methods:	Git, Webpack, Vite, GraphQL, Strapi, Postman, Jest, Cypress, Babel
Design Tools:	Figma, Framer
Languages:	English (Bilingual Proficiency), Georgian (Native)

WORK EXPERIENCE

Pasha Bank Georgia   Tbilisi, Georgia
Front-End Engineer   Mar - 2022 - Present

- Developed and delivered new features for web applications using React, Vue, TypeScript, GraphQL, Tailwind CSS, Next.js, Vite, Strapi, and Figma, ensuring responsive, user-friendly, and scalable solutions.

- Collaborated closely with cross-functional teams (including stakeholders, backend developers, and designers) to align development efforts with business requirements and deliver high-quality, performant web applications.

- Led the modernization of a legacy Vue.js project, resulting in a 70% improvement in page rendering performance and significantly reducing load times.

- Rewrote a Vue.js project into an existing React/Vite framework, ensuring smooth functionality, compatibility, and seamless user experience across all platforms.

- Implemented intuitive, user-friendly interfaces while troubleshooting and debugging technical issues to enhance overall user satisfaction and optimize performance.

PROJECTS

Personal Portfolio Website *React, TypeScript, Tailwind CSS, Framer Motion*
https://nkvara.github.io/portfolio/
A personal portfolio website designed to showcase my skills, experience, and projects. It features a modern, interactive layout with smooth animations and a user-friendly interface. For additional examples of my work, please visit my portfolio.

React Native Banking App Prototype *React Native, Expo, Tailwind CSS*
https://github.com/NKvara/native-bank-app
A collaborative project with a colleague to develop a prototype of a banking app, including sign-in, dashboard with accounts, deposits, and loans, and basic mock functionality of transfers.

IBERIA Georgian Restaurant *Next.js, Tailwind CSS, Strapi.js, Square, TypeScript*
A website developed for a Georgian restaurant, offering features like online ordering, a payment system integration, and menu management via a headless CMS.

EDUCATION

Caucasus University
Bachelor's Degree in Computer Science, providing a strong foundation in software development, algorithms, and problem-solving.
